

**TITLE VI—VESSEL OPERATING  
ASSISTANCE PROGRAMS  
SUBTITLE A—OPERATING DIFFERENTIAL  
SUBSIDY PROGRAM<sup>18</sup>**

**SEC. 601. SUBSIDY AUTHORIZED FOR OPERATION OF  
VESSELS IN FOREIGN TRADE OR IN OFF-SEASON  
CRUISES (46 App. U.S.C. 1171 (2001)).**

(a) **Application for subsidy; conditions precedent to granting.** The Secretary of Transportation is authorized and directed to consider the application of any citizen of the United States for financial aid in the operation of a vessel or vessels, which are to be used in an essential service in the foreign commerce of the United States or in such service and in cruises authorized under section 613 of this title. In this title VI the term "essential service" means the operation of a vessel on a service, route, or line described in section 211(a) or in bulk cargo carrying service described in section 211(b). No such application shall be approved by the Secretary of Transportation unless he determines that (1) the operation of such vessel or vessels in an essential service is required to meet foreign-flag competition and to promote the foreign commerce of the United States except to the extent such vessels are to be operated on cruises authorized under section 613 of this title, and that such vessel or vessels were built in the United States, or have been documented under the laws of the United States not later than February 1, 1928, or actually ordered and under construction for the account of citizens of the United States prior to such date; (2) the applicant owns or leases, or can and will build or purchase or lease, a vessel or vessels of the size, type, speed, and number, and with the proper equipment required to enable him to operate in an essential service, in such manner as may be necessary to meet competitive conditions, and to promote foreign commerce; (3) the applicant possesses the ability, experience, financial resources, and other qualifications necessary to enable him to conduct the proposed operations of the vessel or vessels as to meet competitive conditions and promote foreign commerce; (4) the granting of the aid applied for is necessary to place the proposed operations of the vessel or vessels on a parity with those of foreign competitors, and is reasonably calculated to carry out effectively the purposes and policy of this Act. To the extent the application covers cruises, as authorized under section 613 of this title, the Secretary of Transportation may make the portion of this last determination relating to parity on the basis that any foreign flag cruise from the United States competes with any American flag cruise from the United States.

---

<sup>18</sup> (a) Throughout Subtitle A of Title VI of the Merchant Marine Act, 1936, the term "citizen of the United States" is defined as provided in footnote 1, page 1 *supra*. (b) Note the effect of Section 616, page 73 *infra*, on the provisions of Subtitle A.

(b) **Statements as to financial interests to accompany application; penalty for false statements.** Every application for an operating-differential subsidy under the provisions of this title shall be accompanied by statements disclosing the names of all persons having any pecuniary interest, direct or indirect, in such application, or in the ownership or use of the vessel or vessels, routes, or lines covered thereby, and the nature and extent of any such interest, together with such financial and other statements as may be required by the Secretary of Transportation. All such statements shall be under oath or affirmation and in such form as the Secretary of Transportation shall prescribe. Any person who, in an application for financial aid under this title or in any statement required to be filed therewith, willfully makes any untrue statement of a material fact, shall be guilty of misdemeanor.

**SEC. 602. DETERMINATIONS OF NECESSITY OF SUBSIDY TO MEET COMPETITION (46 App. U.S.C. 1172 (2001)).** Except with respect to cruises authorized under section 613 of this title, no contract for an operating-differential subsidy shall be made by the Secretary of Transportation for the operation of a vessel or vessels to meet foreign competition, except direct foreign-flag competition, until and unless the Secretary of Transportation, after a full and complete investigation and hearing, shall determine that an operating-differential subsidy is necessary to meet competition of foreign-flag ships.

**SEC. 603. CONTRACTS FOR PAYMENT OF SUBSIDY (46 App. U.S.C. 1173 (2001)).**

(a) **Authorization of contracts.** If the Secretary of Transportation approves the application, he may enter into a contract with the applicant for the payment of an operating-differential subsidy determined in accordance with the provisions of subsection (b) of this section, for the operation of such vessel or vessels in an essential service and in cruises authorized under section 613 of this title for a period not exceeding twenty years, and subject to such reasonable terms and conditions, consistent with this Act, as the Secretary of Transportation shall require to effectuate the purposes and policy of this Act, including a performance bond with approved sureties, if such bond is required by the Secretary of Transportation.

(b) **Amount of subsidy.** Such contract shall provide, except as the parties should agree upon a lesser amount, that the amount of the operating-differential subsidy for the operation of vessels in an essential service shall equal the excess of the subsidizable wage costs of the United States officers and crews, the fair and reasonable cost of insurance, subsistence of officers and crews on passenger vessels, as defined in section 613 of this Act, maintenance, and repairs not compensated by insurance,

incurred in the operation under United States registry of the vessel or vessels covered by the contract, over the estimated fair and reasonable cost of the same items of expense (after deducting therefrom any estimated increase in such items necessitated by features incorporated pursuant to the provisions of section 501(b)) if such vessel or vessels were operated under the registry of a foreign country whose vessels are substantial competitors of the vessel or vessels covered by the contract: Provided, however, That the Secretary of Transportation may, with respect to any vessel in an essential bulk cargo carrying service as described in section 211(b), pay, in lieu of the operating-differential subsidy provided by this subsection (b), such sums as he shall determine to be necessary to make the cost of operating such vessel competitive with the cost of operating similar vessels under the registry of a foreign country. For any period during which a vessel cruises as authorized by section 613 of this Act, operating-differential subsidy shall be computed as though the vessel were operating on the essential service to which the vessel is assigned: Provided, however, That if the cruise vessel calls at a port or ports outside of its assigned service, but which is served with passenger vessels (as defined in section 613 of this Act) by another subsidized operator at an operating-differential subsidy rate for wages lower than the cruise vessel has on its assigned essential service, the operating-differential subsidy rates for each of the subsidizable items for each day (a fraction of a day to count as a day) that the vessel stops at such port shall be at the respective rates applicable to the subsidized operator regularly serving the area.

(c) **“Collective bargaining costs”, “base period costs”, “base period”, and “subsidizable wage costs of United States officers and crews” defined; determination of collective bargaining costs and establishment of new base periods; wage change index..**

(1) When used in this section—

(A) The term “collective bargaining costs” means the annual cost, calculated on the basis of the per diem rate of expense as of any date, of all items of expense required of the applicant through collective bargaining or other agreement, covering the employ of United States officers and crew of a vessel, including payments required by law to assure old-age pensions, unemployment benefits, or similar benefits and taxes or other governmental assessments on crew payrolls, but excluding subsistence of officers and crews on vessels other than passenger vessels as defined in section 613 of this Act and costs relating to:

(i) the officers or members of the crew that the Secretary of Transportation has found, prior to the award of a contract for the construction or reconstruction of a vessel, to be unnecessary for the efficient and economical operation of such vessel: Provided, That

the Secretary of Transportation shall afford representatives of the collective-bargaining unit or units responsible for the manning of the vessel an opportunity to comment on such finding prior to the effective date of such finding: And provided further, That in determining whether officers or members of the crew are necessary for the efficient and economical operation of such vessel, the Secretary of Transportation shall give due consideration to, but shall not be bound by, wage and manning scales and working conditions required by a bona fide collective-bargaining agreement, or

(ii) those officers or members of the crew that the Secretary of Transportation has found, prior to ninety days following the date of enactment of this subsection, to be unnecessary for the efficient and economical operation of the vessel.

(B) The term "base period costs" means for the base period beginning July 1, 1970, and ending June 30, 1971, the collective-bargaining costs as of January 1, 1971, less all other items of cost that have been disallowed by the Secretary of Transportation prior to ninety days following the date of enactment of this subsection, and not already excluded from collective-bargaining costs under subparagraph (A)(i) or (A)(ii) of this subsection. In any subsequent base period the term "base period costs" means the average of the subsidizable wage cost of United States officers and crews for the preceding annual period ending June 30 (calculated without regard to the limitation of the last sentence of paragraph (D) of this subdivision but increased or decreased by the increase or decrease in the index described in subdivision (3) of this subsection from January 1 of such annual period to January 1 of the base period), and the collective-bargaining costs as of January 1 of the base period: Provided, That in no event shall the base period costs be such that the difference between the base period cost and the collective-bargaining costs as of January 1 of any base period subsequent to the first base period exceeds five-fourths of 1 per centum of the collective-bargaining costs as of such January 1 multiplied by the number of years that have elapsed since the most recent base period

(C) The term "base period" means any annual period beginning July 1, and ending June 30 with respect to which a base period cost is established.

(D) The term "subsidizable wage costs of United States officers and crews" in any period other than a base period means the most recent base period costs increased or decreased by the increase or decrease from January 1 of such base period to January 1 of such period in the index described in subdivision (3) hereof, and with respect to a base period means the base period cost. The subsidizable wage costs of

United States officers and crews in any period other than a base period shall not be less than 90 per centum of the collective-bargaining costs as of January 1 of such period nor greater than 110 per centum of such collective-bargaining costs.

(2) The Secretary of Transportation shall determine the collective-bargaining costs on ships in subsidized operation as of January 1, 1971, and as of each January 1 thereafter, and shall as of intervals of not less than two years nor more than four years, establish a new base period cost, except that the Secretary shall not establish a new base period unless he announces his intention to do so prior to the December 31 that would be included in the new base period.

(3) The Bureau of Labor Statistics shall compile the index referred to in subdivision (1). Such index shall consist of the average annual change in wages and benefits placed into effect for employees covered by collective-bargaining agreements with equal weight to be given to changes affecting employees in the transportation industry (excluding the offshore maritime industry) and to changes affecting employees in private nonagricultural industries other than transportation. Such index shall be based on the materials regularly used by the Bureau of Labor Statistics in compiling its regularly published statistical series on wage and benefit changes arrived at through collective bargaining. Such materials shall remain confidential and not be subject to disclosure.

(d) **Foreign wage computation; foreign manning.** Each foreign wage cost computation shall be made after an opportunity is given to the contractor to submit in writing and in timely fashion all relevant data within his possession. In making the computation, the Secretary shall consider all relevant matter so presented and all foreign wage cost data collected at his request or on his behalf. Such foreign cost data shall be made available to an interested contractor, unless the Secretary shall find that disclosure of the data will prevent him from obtaining such data in the future. In determining foreign manning for purposes of this section, the foreign manning determined for any ship type with respect to any base period shall not be redetermined until the beginning of a new base period.

(e) **Monthly payment of wage subsidy; procedures for calculation and payment of subsidy on certain expenses.** The wage subsidy shall be payable monthly for the voyages completed during the month, upon the contractor's certification that the subsidized vessels were in authorized service during the month. The Secretary of Transportation shall prescribe procedures for the calculation and payment of subsidy on items of expense which are included in "collective-bargaining costs" but are not included in the daily rate because they are unpredictably timed.

(f) **Monthly percentage payment of other than wage subsidy; security for refund of overpayments; payment of remainder after audit of voyage accounts.** Ninety percent of the amount of the insurance and maintenance and repair and subsistence of officers and crews subsidy shall be payable monthly for the voyages completed during the month on the basis of the subsidy estimated to have accrued with respect to such voyages. Any such payment shall be made only after there has been furnished to the Secretary of Transportation such security as he deems to be reasonable and necessary to assure refund of any overpayment. The contractor and the Secretary of Transportation shall audit the voyage accounts as soon as practicable after such payment. The remaining 10 percent of such subsidy shall be payable after such audit.

**SEC. 604. ADDITIONAL SUBSIDY; WHEN AUTHORIZED (46 App. U.S.C. 1174 (2001)).** If in the case of any particular foreign-trade route the Secretary of Transportation shall find after consultation with the Secretary of State, that the subsidy provided for in this title is in any respect inadequate to offset the effect of governmental aid paid to foreign competitors, he may grant such additional subsidy as he determines to be necessary for that purpose.

**SEC. 605. VESSELS EXCLUDED FROM SUBSIDY (46 App. U.S.C. 1175 (2001)).**

(a) **Vessels engaged in coastwise or intercoastal trade; vessels on inland waterways.** No operating-differential subsidy shall be paid for the operation of any vessel on a voyage on which it engages in coastwise or intercoastal trade: Provided, however, That such subsidy may be paid on a round-the-world voyage or a round voyage from the west coast of the United States to a European port or ports or a round voyage from the Atlantic coast to the Orient which includes intercoastal ports of the United States or a voyage in foreign trade on which the vessel may stop at the State of Hawaii, or an island possession or island territory of the United States, and if the subsidized vessel earns any gross revenue on the carriage of mail, passengers, or cargo by reason of such coastal or intercoastal trade the subsidy payment for the entire voyage shall be reduced by an amount which bears the same ratio to the subsidy otherwise payable as such gross revenue bears to the gross revenue derived from the entire voyage. No vessel operating on the inland waterways of the United States shall be considered for the purposes of this Act to be operating in foreign trade.

(b) **Limitation on payments for older vessels.** No operating-differential subsidy shall be paid for the operation of a vessel after the

calendar year the vessel becomes 25 years of age, unless the Secretary of Transportation has determined, before the date of enactment of the Maritime Security Act of 1996,<sup>19</sup> that it is in the public interest to grant such financial aid for the operation of such vessel.

(c) **Vessels to be operated in an essential service served by citizens of the United States.** No contract shall be made under this title with respect to a vessel to be operated in an essential service served by citizens of the United States which would be in addition to the existing service, or services, unless the Secretary of Transportation shall determine after proper hearing of all parties that the service already provided by vessels of United States registry is inadequate, and that in the accomplishment of the purposes and policy of this Act additional vessels should be operated thereon; and no contract shall be made with respect to a vessel operated or to be operated in an essential service served by two or more citizens of the United States with vessels of United States registry, if the Secretary of Transportation shall determine the effect of such a contract would be to give undue advantage or be unduly prejudicial, as between citizens of the United States, in the operation of vessels in such essential service, unless following public hearing, due notice of which shall be given to each operator serving such essential service, the Secretary of Transportation shall find that it is necessary to enter into such contract in order to provide adequate service by vessels of United States registry. The Secretary of Transportation, in determining for the purposes of this section whether services are competitive, shall take into consideration the type, size, and speed of the vessels employed, whether passenger or cargo, or combination passenger and cargo, vessels, the ports or ranges between which they run, the character of cargo carried, and such other facts as he may deem proper.

**SEC. 606. READJUSTMENTS, CHANGE IN SERVICE, WITHDRAWAL FROM SERVICE; PAYMENT OF EXCESS PROFITS; WAGES, ETC.; AMERICAN MATERIALS (46 App. U.S.C. 1176 (2001)).** Every contract for an operating-differential subsidy under this title shall provide (1) that the amount of the future payments to the contractor shall be subject to review and readjustment from time to time, but not more frequently than once a year, at the instance of the Secretary of Transportation or of the contractor. If any such readjustment cannot be reached by mutual agreement, the Secretary of Transportation, on his own motion or on the application of

---

<sup>19</sup> The Maritime Security Act of 1996, was enacted on October 8, 1996.

the contractor, shall, after a proper hearing, determine the facts and make such readjustment in the amount of such future payments as he may determine to be fair and reasonable and in the public interest. The testimony in every such proceeding shall be reduced to writing and filed in the office of the Secretary of Transportation. His decision shall be based upon and governed by the changes which may have occurred since the date of the said contract, with respect to the items theretofore considered and on which such contract was based, and other conditions affecting shipping, and shall be promulgated in a formal order, which shall be accompanied by a report in writing in which the Secretary of Transportation shall state his findings of fact; (2) that the compensation to be paid under it shall be reduced, under such terms and in such amounts as the Secretary of Transportation shall determine, for any periods in which the vessel or vessels are laid up; (3) that if the Secretary of Transportation shall determine that a change in an essential service, which is receiving an operating-differential subsidy under this title, is necessary in the accomplishment of the purposes of this Act, he may make such change upon such readjustment of payments to the contractor as shall be arrived at by the method prescribed in clause (1) of these conditions; (4) that if at any time the contractor receiving an operating-differential subsidy claims that he cannot maintain and operate his vessels in such an essential service, with a reasonable profit upon his investment, and applies to the Secretary of Transportation for a modification or rescission of his contract to maintain such essential service, and the Secretary of Transportation determines that such claim is proved, the Secretary of Transportation shall modify or rescind such contract and permit the contractor to withdraw such vessels from such essential service, upon a date fixed by the Secretary of Transportation, and upon the date of such withdrawal the further payment of the operating-differential subsidy shall cease and the contractor be discharged from any further obligation under such contract; (5) that the contractor shall conduct his operations with respect to essential service, and any services authorized under section 613 of this title, covered by his contract in an economical and efficient manner; and (6) that whenever practicable, an operator who receives subsidy with respect to subsistence of officers and crews shall use as such subsistence items only articles, materials, and supplies of the growth, production, and manufacture of the United States, as defined in section 505 herein, except when it is necessary to purchase supplies outside the United States to enable such vessel to continue and complete her voyage, and an operator who receives subsidy with respect to repairs shall perform such repairs within any of the United States or the Commonwealth of Puerto Rico, except in an emergency.

**SEC. 607. CAPITAL CONSTRUCTION FUND (46 App. U.S.C. 1177 (2001)).<sup>20</sup>**

(a) **Agreement rules; persons eligible; replacement, additional, or reconstructed vessels for prescribed trade and fishery operations; amount of deposits, annual limitation; conditions and requirements for deposits and withdrawals.** Any citizen of the United States owning or leasing one or more eligible vessels (as defined in subsection (k)(1)) may enter into an agreement with the Secretary under, and as provided in, this section to establish a capital construction fund (hereinafter in this section referred to as the "fund") with respect to any or all of such vessels. Any agreement entered into under this section shall be for the purpose of providing replacement vessels, additional vessels, or reconstructed vessels, built in the United States and documented under the laws of the United States for operation in the United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States and shall provide for the deposit in the fund of the amounts agreed upon as necessary or appropriate to provide for qualified withdrawals under subsection (f). The deposits in the fund, and all withdrawals from the fund, whether qualified or nonqualified, shall be subject to such conditions and requirements as the Secretary may by regulations prescribe or are set forth in such agreement; except that the Secretary may not require any person to deposit in the fund for any taxable year more than 50 percent of that portion of such person's taxable income for such year (computed in the manner provided in subsection (b)(1)(A)) which is attributable to the operation of the agreement vessels.

**(b) Ceiling on deposits; lessees; "agreement vessel" defined.**

(1) The amount deposited under subsection (a) in the fund for any taxable year shall not exceed the sum of;

(A) that portion of the taxable income of the owner or lessee for such year (computed as provided in chapter 1 of the Internal Revenue Code of 1954 but without regard to the carryback of any net operating loss or net capital loss and without regard to this section) which is attributable to the operation of the agreement vessels in the foreign or domestic commerce of the United States or in the fisheries of the United States,

---

<sup>20</sup> Section 261 of Public Law 99-514, approved October 22, 1986 (100 STAT. 2085), the Tax Reform Act of 1986, coordinated the application of the Internal Revenue Code of 1986 (Code) with the Capital Construction Fund program. Section 261 of Public Law 99-514 amended section 26(b)(2) of the Code and section 607 of the Merchant Marine Act, 1936, and added a new section 7518 to Chapter 77 of the Code. These amendments apply to taxable years beginning after December 31, 1986.

(B) the amount allowable as a deduction under section 167 of the Internal Revenue Code of 1954 for such year with respect to the agreement vessels,

(C) if the transaction is not taken into account for purposes of subparagraph (A), the net proceeds (as defined in joint regulations) from (i) the sale or other disposition of any agreement vessel, or (ii) insurance or indemnity attributable to any agreement vessel, and

(D) the receipts from the investment or reinvestment of amounts held in such fund.

(2) In the case of a lessee, the maximum amount which may be deposited with respect to an agreement vessel by reason of paragraph (1)(B) for any period shall be reduced by any amount which, under an agreement entered into under this section, the owner is required or permitted to deposit for such period with respect to such vessel by reason of paragraph (1)(B).

(3) For purposes of paragraph (1), the term "agreement vessel" includes barges and containers which are part of the complement of such vessel and which are provided for in the agreement.

**(c) Investment requirements; depositories; fiduciary requirements; interest-bearing securities; stock: percentage for domestic issues, listing and registration, prudent acquisitions, value and percentage equilibrium, and treatment of preferred issues.** Amounts in any fund established under this section shall be kept in the depository or depositories specified in the agreement and shall be subject to such trustee and other fiduciary requirements as may be specified by the Secretary. They may be invested only in interest-bearing securities approved by the Secretary; except that, if the Secretary consents thereto, an agreed percentage (not in excess of 60 percent) of the assets of the fund may be invested in the stock of domestic corporations. Such stock must be currently fully listed and registered on an exchange registered with the Securities and Exchange Commission as a national securities exchange, and must be stock which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital. If at any time the fair market value of the stock in the fund is more than the agreed percentage of the assets in the fund, any subsequent investment of amounts deposited in the fund, and any subsequent withdrawal from the fund, shall be made in such a way as to tend to restore the fund to a situation in which the fair market value of the stock does not exceed such agreed percentage. For purposes of this subsection, if the common stock of a corporation meets the requirements of this subsection and if the preferred stock of such corporation would meet such requirements but for the fact that it cannot be listed and registered as required because it is nonvoting stock, such preferred stock shall be treated as meeting the requirements of this subsection.

**(d) Nontaxability of deposits; eligible deposits.**

(1) For purposes of the Internal Revenue Code of 1954—

(A) taxable income (determined without regard to this section and section 7518 of such Code) for the taxable year shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in subsection (b)(1)(A),

(B) gain from a transaction referred to in subsection (b)(1)(C) shall not be taken into account if an amount equal to the net proceeds (as defined in joint regulations) from such transaction is deposited in the fund,

(C) the earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund shall not be taken into account,

(D) the earnings and profits of any corporation (within the meaning of section 316 of such Code) shall be determined without regard to this section and section 7518 of such Code, and

(E) in applying the tax imposed by section 531 of such Code (relating to the accumulated earnings tax), amounts while held in the fund shall not be taken into account.

(2) Paragraph (1) shall apply with respect to any amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in joint regulations.

**(e) Accounts within fund: capital account, capital gain account, and ordinary income account; limitation on capital losses.** For purposes of this section—

(1) Within the fund established pursuant to this section three accounts shall be maintained:

- (A) the capital account,
- (B) the capital gain account, and
- (C) the ordinary income account.

(2) The capital account shall consist of—

- (A) amounts referred to in subsection (b)(1)(B),
- (B) amounts referred to in subsection (b)(1)(C) other than that portion thereof which represents gain not taken into account by reason of subsection (d)(1)(B),

(C) the percentage applicable under section 243(a)(1) of the Internal Revenue Code of 1986 of any dividend received by the fund with respect to which the person maintaining the fund would (but for subsection (d)(1)(C)) be allowed a deduction under section 243 of the Internal Revenue Code of 1954, and

(D) interest income exempt from taxation under section 103 of such Code.

(3) The capital gain account shall consist of—

(A) amounts representing capital gains on assets held for more than 6 months and referred to in subsection (b)(1)(C) or (b)(1)(D) reduced by

(B) amounts representing capital losses on assets held in the fund for more than 6 months.

(4) The ordinary income account shall consist of—

(A) amounts referred to in subsection (b)(1)(A),

(B) (i) amounts representing capital gains on assets held for 6 months or less and referred to in subsection (b)(1)(C) or (b)(1)(D), reduced by—

(ii) amounts representing capital losses on assets held in the fund for 6 months or less,

(C) interest (not including any tax-exempt interest referred to in paragraph (2)(D)) and other ordinary income (not including any dividend referred to in subparagraph (E)) received on assets held in the fund,

(D) ordinary income from a transaction described in subsection (b)(1)(C), and

(E) the portion of any dividend referred to in paragraph (2)(C) not taken into account under such paragraph.

(5) Except on termination of a fund, capital losses referred to in paragraph (3)(B) or in paragraph (4)(B)(ii) shall be allowed only as an offset to gains referred to in paragraph (3)(A) or (4)(B)(i), respectively.

**(f) Purposes of qualified withdrawals; nonqualified withdrawal treatment for nonfulfillment of substantial obligations.**

(1) A qualified withdrawal from the fund is one made in accordance with the terms of the agreement but only if it is for:

(A) the acquisition, construction, or reconstruction of a qualified vessel,

(B) the acquisition, construction, or reconstruction of barges and containers which are part of the complement of a qualified vessel, or

(C) the payment of the principal on indebtedness incurred in connection with the acquisition, construction or reconstruction of a qualified vessel or a barge or container which is part of the complement of a qualified vessel.

Except to the extent provided in regulations prescribed by the Secretary subparagraph (B), and so much of subparagraph (C) as relates only to barges and containers, shall apply only with respect to barges and containers constructed in the United States.

(2) Under joint regulations, if the Secretary determines that any substantial obligation under or any agreement is not being fulfilled, he may, after notice and opportunity for hearing to the person maintaining the fund, treat the entire fund or any portion thereof as an amount withdrawn from the fund in a nonqualified withdrawal.

**(g) Tax treatment of qualified withdrawals; basis reduction.**

(1) Any qualified withdrawal from a fund shall be treated—

(A) first as made out of the capital account,

(B) second as made out of the capital gain account, and

(C) third as made out of the ordinary income account.

(2) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the ordinary income account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

(3) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

(4) If any portion of a qualified withdrawal to pay the principal on any indebtedness is made out of the ordinary income account or the capital gain account, then an amount equal to the aggregate reduction which would be required by paragraphs (2) and (3) if this were a qualified withdrawal for a purpose described in such paragraphs shall be applied, in the order provided in joint regulations, to reduce the basis of vessels, barges, and containers owned by the person maintaining the fund. Any amount of a withdrawal remaining after the application of the preceding sentence shall be treated as a nonqualified withdrawal.

(5) If any property the basis of which was reduced under paragraph (2), (3), or (4) is disposed of, any gain realized on such disposition, to the extent it does not exceed the aggregate reduction in the basis of such property under such paragraphs, shall be treated as an amount referred to in subsection (h)(3)(A) which was withdrawn on the date of such disposition. Subject to such conditions and requirements as may be provided in joint regulations, the preceding sentence shall not apply to a disposition where there is a redeposit in an amount determined under joint regulations which will, insofar as practicable, restore the fund to the position it was in before the withdrawal.

**(h) Tax treatment of nonqualified withdrawals; FIFO and LIFO bases; interest rate.**

(1) Except as provided in subsection (i), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal.

(2) Any nonqualified withdrawal from a fund shall be treated—

- (A) first as made out of the ordinary income account,
- (B) second as made out of the capital gain account, and
- (C) third as made out of the capital account.

For purposes of this section, items withdrawn from any account shall be treated as withdrawn on a first-in-first-out basis; except that (i) any nonqualified withdrawal for research, development, and design expenses incident to new and advanced ship design, machinery and equipment, and (ii) any amount treated as a nonqualified withdrawal under the second sentence of subsection (g)(4), shall be treated as withdrawn on a last-in-first-out basis.

(3) For purposes of the Internal Revenue Code of 1954—

(A) any amount referred to in paragraph (2)(A) shall be included in income as an item of ordinary income for the taxable year in which the withdrawal is made,

(B) any amount referred to in paragraph (2)(B) shall be included in income for the taxable year in which the withdrawal is made as an item of gain realized during such year from the disposition of an asset held for more than 6 months, and

(C) for the period on or before the last date prescribed for payment of tax for the taxable year in which this withdrawal is made—

(i) no interest shall be payable under section 6601 of such Code and no addition to the tax shall be payable under section 6651 of such Code,

(ii) interest on the amount of the additional tax attributable to any item referred to in subparagraph (A) or (B) shall be paid at the applicable rate (as defined in paragraph (4)) from the last date prescribed for payment of the tax for the taxable year for which such item was deposited in the fund, and

(iii) no interest shall be payable on amounts referred to in clauses (i) and (ii) of paragraph (2) or in the case of any nonqualified withdrawal arising from the application of the recapture provision of section 606(5) of the Merchant Marine Act of 1936 as in effect on December 31, 1969.

(4) For purposes of paragraph (3)(C)(ii), the applicable rate of interest for any nonqualified withdrawal—

(A) made in a taxable year beginning in 1970 or 1971 is 8 percent, or

(B) made in a taxable year beginning after 1971, shall be determined and published jointly by the Secretary of the Treasury and the Secretary and shall bear a relationship to 8 percent which the Secretaries determine under joint regulations to be comparable to the relationship which the money rates and investment yields for the cal-

endar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970.

**(5) Amount not withdrawn from fund after 25 years from deposit taxed as nonqualified withdrawal.**

Section 311(d) of such Act provides that this amount is applicable to taxable years ending after May 6, 1997.

(2) In the case of any extension of an agreement pursuant to paragraph (1)(C), each item in the old fund to be transferred shall be transferred in a nontaxable transaction to the appropriate account in the new fund established under this section. **(d) Conditions for cruises or domestic service while on voyages in an essential service in foreign commerce.** When a vessel is being operated on cruises or has been authorized under this section to provide domestic passenger services while on voyages in an essential service in foreign commerce of the United States—

(3) it shall stop at other domestic ports only for the same time and the same purpose as is permitted with respect to a foreign-flag vessel which is carrying passengers who embarked at a domestic port, except that a cruise may end at a different port or coast from that where it began and may embark or disembark passengers at other domestic ports, either when not involving transportation in the domestic offshore trade in competition with a United States-flag passenger vessel offering berth service therein, or, if involving such transportation, with the consent of such carrier: Provided, however, That nothing herein shall be construed to repeal or modify section 805(a) of this Act.

(4) Any other provisions of the Merchant Marine Act, 1936, or of the Shipping Act, 1916, to the contrary notwithstanding, with the approval of the Secretary of Transportation, it may carry cargo and mail between ports to the extent such carriage is not in direct competition with a carrier offering United States-flag berth service between those ports, or, if such carriage is in direct competition with one or more carriers offering United States-flag berth service between such ports, with the consent of the next scheduled United States-flag carrier, which consent shall not be unreasonably withheld in the judgment of the Maritime Administrator.

Section 605(c) of this Act shall not apply to cruises authorized under this section. Notwithstanding the applicable provisions of section 605(a) and section 506 of this Act requiring the reduction of operating differential subsidy and the partial payback of construction differential subsidy for operating in the domestic trades, such reduction of operating subsidy and partial payback of construction subsidy under sections 605(a) and 506, respectively, shall not apply to cruises or domestic services authorized under this section.

(e) **Application for approval of cruise; notice to other American flag operators.** Upon the application of any operator for approval of a specific cruise, the Secretary of Transportation, after notice to all other American flag operators who may be affected and after affording all such operators an opportunity to submit written data, views or arguments, with or without opportunity to present the same orally in any manner, and after consideration of all relevant matter presented, shall approve the proposed cruise, if he determines that the proposed cruise will not substantially adversely affect an existing operator's service performed with passenger vessels of United States registry. Such approval shall not be given more than two years in advance of the beginning of the cruise.
